## Feedback

Please give us your constructive insights and feedback at [info@tiltdrone.com](mailto:info@tiltdrone.com). This product can be considered as a 'work in progress' project as we always strive for improving and your real-world experience with TILT can provide us very valuable information to do so in any aspect of this quadcopter: design, materials, firmware, components (motors, ESCs, etc...).

## Warranty Claims

For claiming you warranty of the product:

1. Take a picture or video of the part which is factory damaged
2. Provide your name, address and contact number
3. Bill of purchase and barcode number you'll find in your base plate
4. Add a description of the problem.
5. Send all information you collected to [info@tiltdrone.com](mailto:info@tiltdrone.com)

We'll do our best to answer you in 48h.
